

正修科技大學 工業工程與管理系 112 學年度入學新生課程標準

School system		四技日間部							
Class		國際專修部							
Course Meeting		113.09.02		系務會議通過					
		113.09.11		院課程委員會議通過					
		113.09.23		校課程委員會議通過					
		113.09.23		教務會議通過					
The number of credits for graduation / Study period		At least 128 credits (The standard duration of study is four years)							
Required course / Elective course		Course credits		Course Type		Course credits		Relevant regulations/ remarks	
Required course		94 credits		Required Core Courses		28 credits			
				Specialized Required Course		66 credits			
Required course		34 credits		Elective Core Courses		8 credits			
				Specialized Elective Course		26 credits			
Number of credits taken each semester		First and second-year students must enroll in no fewer than 16 credits and no more than 28 credits per semester. Third and fourth-year students must enroll in no fewer than 9 credits and no more than 25 credits per semester.							
Remark		The "*" symbol indicates that computer access is required (including computer and network communication usage fees)							
Fall				Spring					
Course Type	Course Code	Course Title	Credits/Hours	Course Type	Course Code	Course Title	Credits/Hours		
Required Courses	F99106	Basic Chinese	20/20	Required Courses	F99206	Elementary Chinese	20/20		
The courses planned for this semester amount to 20 credits and 20 hours				The courses planned for this semester amount to 20 credits and 20 hours					
1st Fall				1st Spring
